## Domain:

**Problem Statement:-** develop an android application to capture the issue related to road conditions.this app should facilitate capturing problems such as the bad condition of speed breakers,path holes,water logging,poor sidewalks,road safety signs,insufficient lighting ,fading zebra-crossings,non-availability of signals,accident –prone areas,etc.

# Idea/Approach

- ◆ USER CAN REPORT ANY ISSUE IN A INSTANT .
- ◆ USER CAN ALSO UPLOAD IMAGE EASILY BY ONE CLICK.
- ◆ USER CAN ACCESS HIS CURRENT LOCATION JUST IN A CLICK WITHOUT ENTERING LOCATION MANUALLY.

# Day 1 Progress

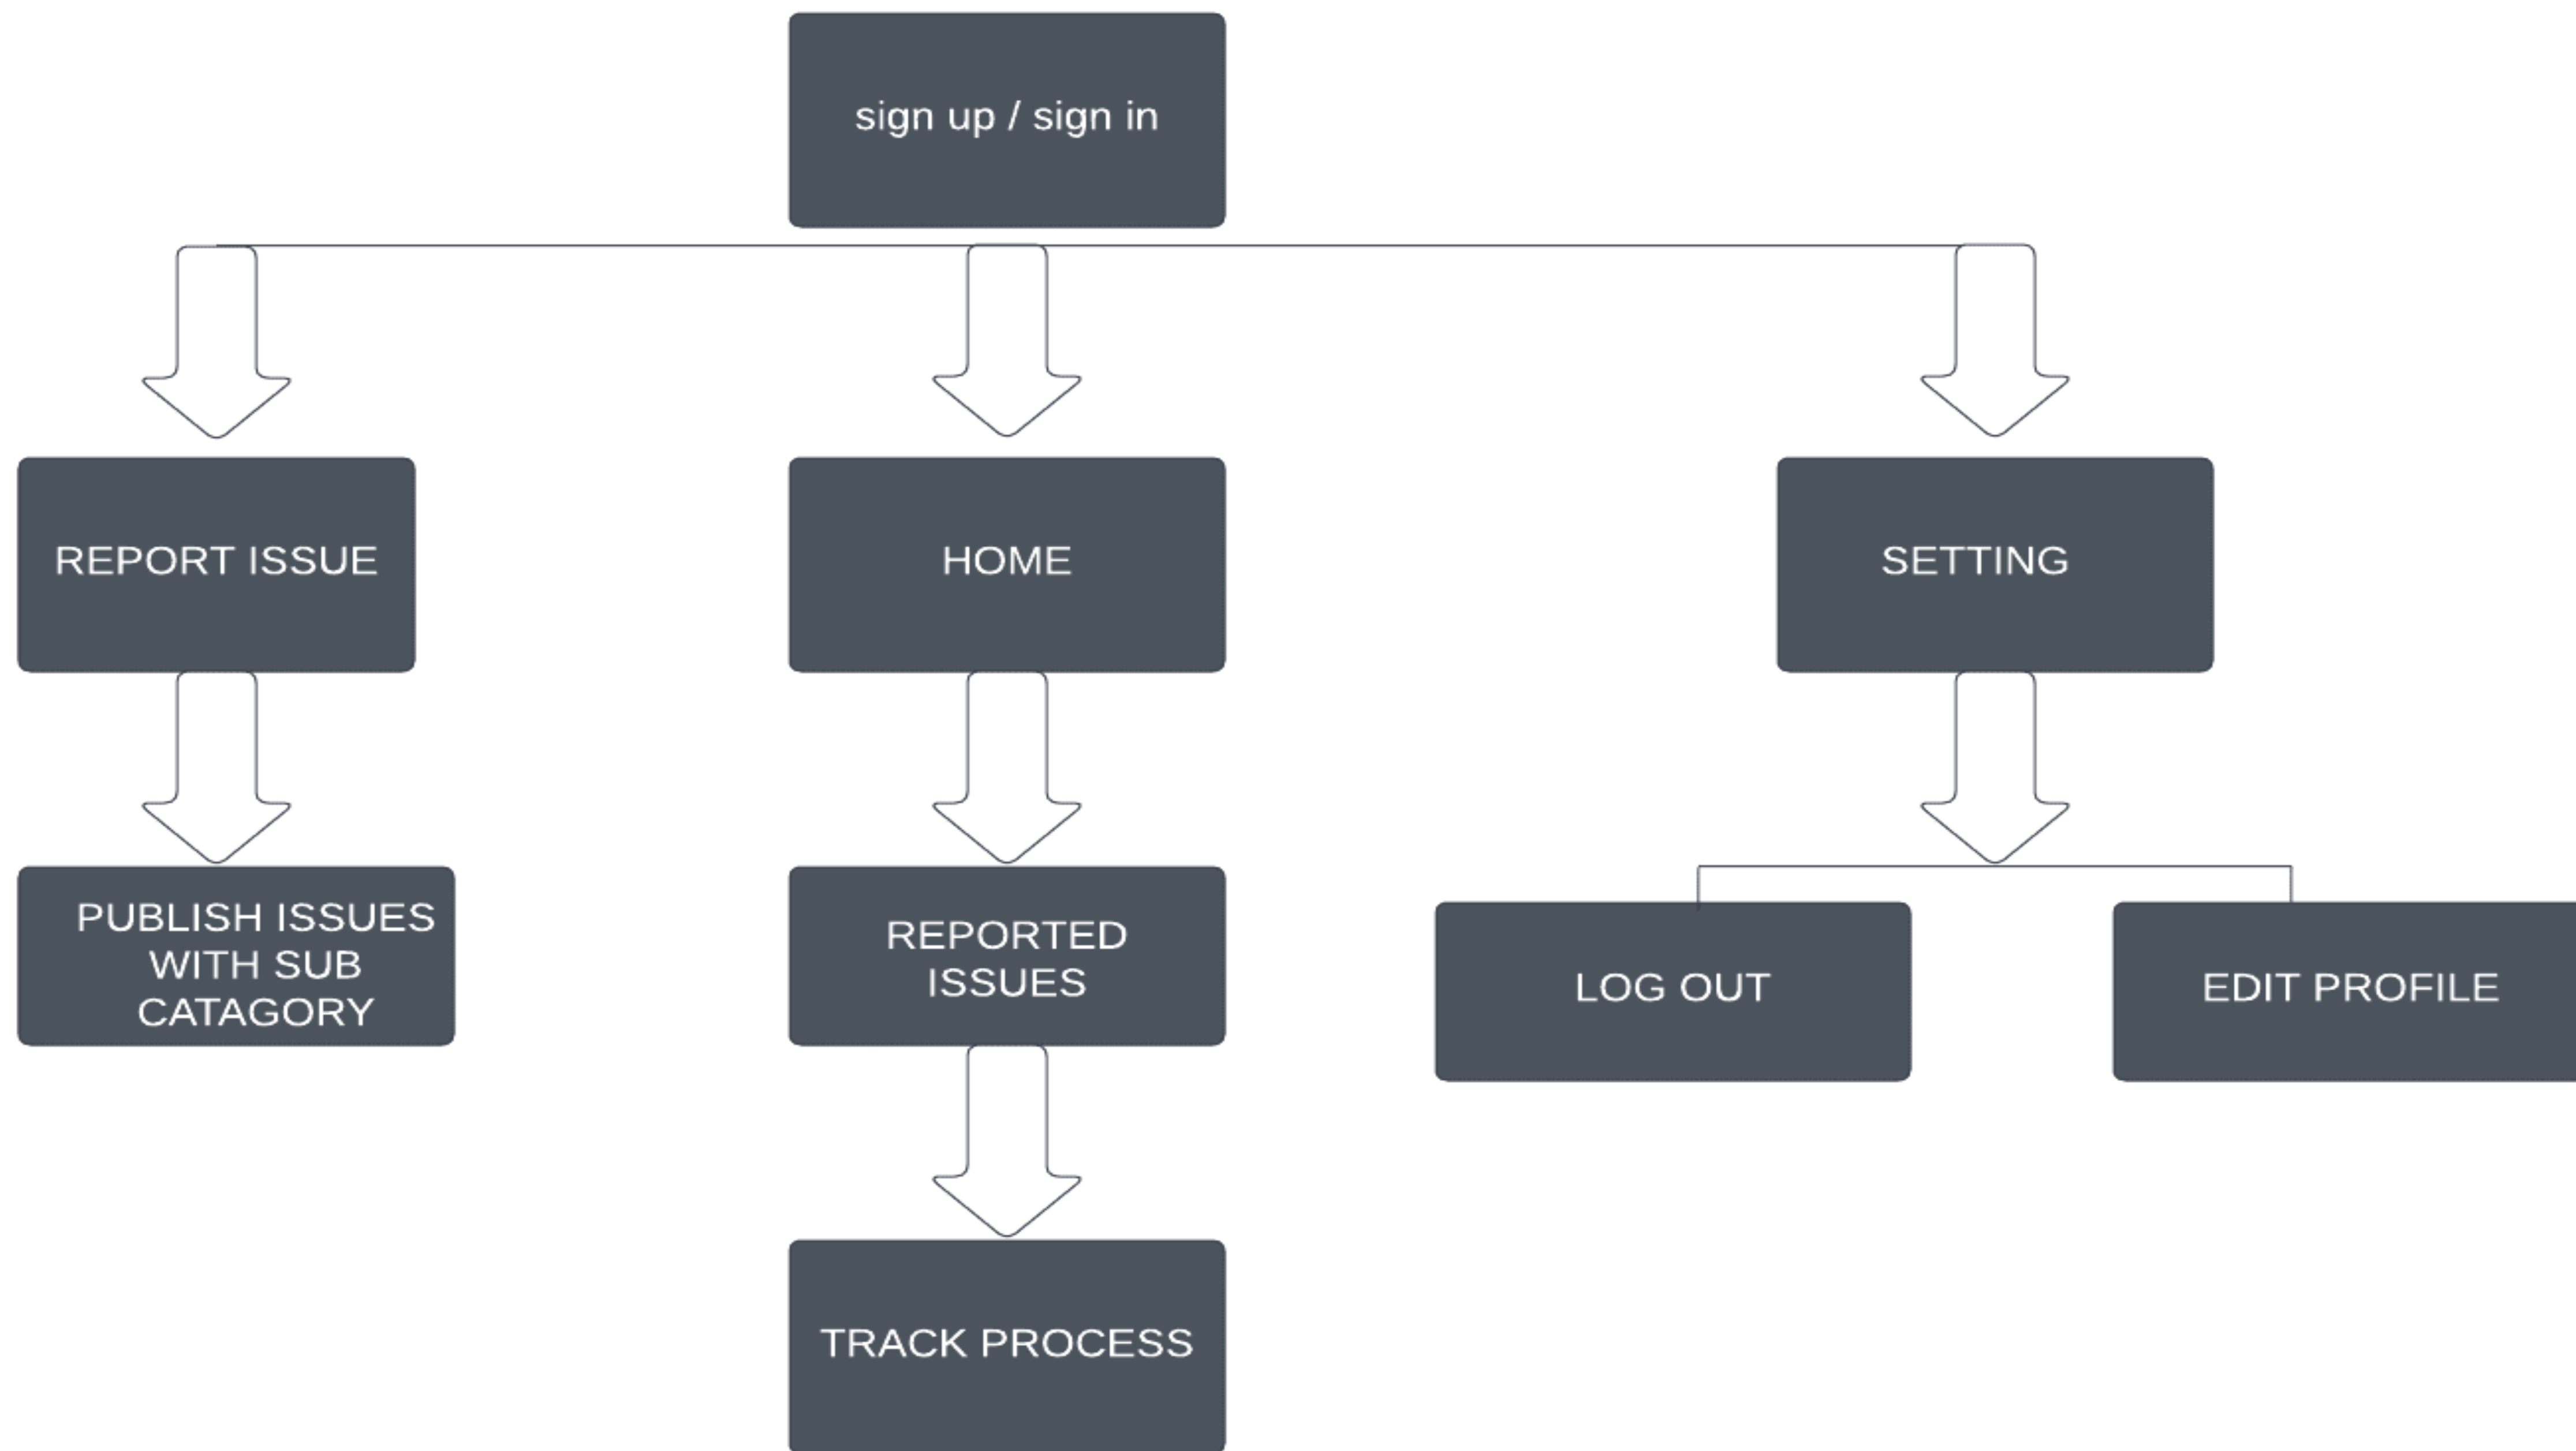

- ◆ WE CREATED AUTHENTICATION
- ◆ WE CREATED REPORT ISSUE LOGIC AND SCREEN

## Day 2 Progress

- ◆ WE CREATED TRACK REPORT SCREEN
- ◆ WE CREATED LOGIC TP GET CURRNET LOCATION AND CATEGORISE ISSUES
